

Get on board with Air Chats

For over 35 years we've been bringing regional New Zealanders closer together, and now we're bringing your business and our passengers even closer. 'Air Chats' is our premium inflight publication, it's all about the places we go, the people who live, work and invest there, and it's the perfect medium for you to reach 100,000 visitors, leisure and business travellers alike.

Air Chats is available free at all our destinations - Whakatāne, Whanganui, Kāpiti Coast, Norfolk Island and the Chatham Islands – as well as at our Auckland check-in. Most importantly, it is in the seat pockets of 140 flights each week, as well as our scenic DC3 and charter flights, reaching a captive audience of readers with above-average disposable incomes and consumer engagement.

Air Chats has limited and selected advertising slots available, and we're welcoming you to come onboard.
